

# design & build

2020-2021

SOUTH EAST

Your building and renovation magazine

**D**esign & Build South East is a guide covering building issues in south east Auckland. From Howick, Pakuranga, Ormiston, Pine Harbour, Beachlands and Maraetai, to Manukau, Takanini and Papakura, this annual magazine covers an area where demand for homes is at a premium.

This special publication looks at buyers' options within these unique communities from apartment to family homes; suburban to coastal lifestyles. We examine buying off-the-plan, subdividing large sections and opting for a smaller lifestyle block. Home renovation, landscaping, architecture, local infrastructure and more will come under the spotlight and there will also be a strong focus on town developments and the growth of amenities. With numerous choices available, we ask what are the real points of difference that building companies and home services offer?

This full colour, glossy information guide aims to aid in the decision-making process. The publication will be available for pick up throughout south east Auckland and online at [yourdesignandbuild.co.nz](http://yourdesignandbuild.co.nz).
